

WORKSHOP

LEARNING THROUGH PLAY: A YOUNG CHILD WITH VISUAL IMPAIRMENT

This workshop will allow participants to understand the child with visual impairment and how he interacts with other people and the environment. They will also learn how to modify the play areas, toys and activities to promote independent and cooperative play.

Understand

the child with visual impairment and how he interacts with other people and the environment.

Different ways

to modify the play areas, toys and activities to promote independent and cooperative play.
