

WHO:

Children and Youth with Visual Impairment

- From birth to tertiary education
- Low Vision & Blindness

How to Refer your Child

iC2 PrepHouse accepts referrals that satisfy the following:

WHO criteria for low vision:

- vision 6/18 or worse in better eye or
- visual field of 10 degrees or worse from the point of fixation.

OR

An impairment of visual function for whom full remediation is not possible by conventional spectacles, contact lenses or medical intervention, and which causes restriction in that person's everyday life.

HOW:

Process:

1. Please download referral form from <http://ic2.com.sg/ReferralForm.pdf>.
- 2a. Visit an eye doctor or low vision specialist with the iC2 referral form. Referral form must be duly completed and certified by the eye doctor or low vision clinician.
OR
b. Complete form and attach medical records.
3. Email form to admin@ic2.com.sg for an appointment.
4. Bring your child for the assessment.
 - Assessment is by appointment only.
 - Assessment by professional / qualified staff.
 - Post-assessment discussion with the parents / child.

- School support services
- Transition planning
- Teacher / caregiver workshops
- Parents' Support Group

Children with visual impairment have unique and diverse needs which cannot be met by casual and generalised programmes. iC2 PrepHouse is a resource centre which provides professional advice and structured programmes for these children.

Set up as a charity organisation in October 2012, iC2 PrepHouse helps parents and families understand and cope with the changing needs of their children with visual impairment by offering counsel, assessments and guidance from trained vision teachers.

Through structured educational, habilitative and rehabilitative programmes, we empower and enable individuals with visual impairment to live confidently and independently; and enrich their lives and that of their families.
